Energy Today

Crossover®
GENERATION 3

The ultimate lighting solution through style & performance - exceptional uniformity with full cutoff

- Versatility in a specification grade luminaire
- Sleek, radiused aerodynamically designed housing. Lower EPAs so you can use lighter gauge poles, lowering initial cost
- More lumens, greater performance and better energy-saving features than ever; XCHM3 replaces up to 400-watt MH with 9,600 - 15,400 lumens
- ROHS compliant
- 90% recyclable by weight

XCHM3K

Easy to retrofit
your HID Challenger fixture with one-piece kit

Complementary wall mount choice to light transitional walkways

- 2,190-4,970 lumens
- Integral motion sensor & battery back-up options
