

Retailmax - Packed with Performance

LSI's Retailmax is the perfect ambient lighting solution for retail spaces with medium-to-high ceiling heights as well as warehouses and manufacturing facilities.

This high performance fluorescent fixture is available with an optional specular aluminum reflector when a narrow distribution pattern is required for aisle ways and higher mounting heights. The **Retailmax** comes in 4' and 8' lengths for individual or continuous row mounting. Available with a choice of T5, T5HO or T8 lamps, up to 4 lamps wide.

Packed with energy-saving and performance features, LSI's Retailmax leads the way in providing energy- and cost-efficient lighting for large open commercial spaces.

- ◆ Energy consumption reduced by at least 49% as compared to HID
- ◆ Occupancy sensor controls
- ◆ Dimming

- ◆ Superior lumen maintenance – 90-95% initial light output
- ◆ Improved lamp color – CRI of 80+ available
- ◆ Uplight with slotted housing
- ◆ Available with up to 4-lamps to provide high lumen package
- ◆ Narrow distribution pattern from optional specular reflector insert
- ◆ Reduced brightness and shielding from white straight blade louver
- ◆ Available with a variety of louver shielding options

- ◆ Easy row alignment with built-in aligner system
- ◆ One-piece design for simple installation
- ◆ Spring-loaded louver for positive positioning and easy maintenance
